

Parades

The class of 2012 is responsible for raising money, planning, decorating, and executing some important social events at the high school like prom and the homecoming parade float. The biggest event every year will be the opportunity to work with friends to create your class float for the homecoming parade! We compete with the other classes, so we need everyone's help, talents, and ideas to win. Go class of 2012!

Homecoming

Being active in your class club will provide you with experience in team building, problem solving, organization, and social and leadership skills, so come to class meetings and get involved! We want you to be a part of your class club!
